

WE REALLY NEED YOUR SUPPORT AT THIS TIME OF YEAR

12 years running the rescue we have saved 298 amazing equines which includes: drafts, mules, horses, ponies, and donkeys. We are a 100% volunteer run non-profit. We always put the welfare of the animals first from point of intake through adoption or life here at the rescue.

Our donations to continue this work have dwindled to zero. If we do not receive money soon, we may need to cease our work. We do not want it to come to this. At this time there are several horses that we could help but cannot.

Our annual shortfall is \$10,000. Yes, it is a lot of money. This money is needed for their winter hay, their vaccinations, farrier and dental needs, and any unforeseen medical needs. Every dollar you donate goes to these needs.

We have animals up to 40 years old. Winter is harder on all equines, especially the old ones. Sharon and Danny Burrier (founders of Rocky's Horse Rescue and Rehabilitation) have personally funded much of the rescue 's needs. This monetary outlay has become too much. We are asking that you our supporters once again open your hearts and help us keep the rescue in operation. We do not receive grants to support us. We rely on the kindness of people like you who see the value in the work we do.

Giving Tuesday is soon arriving, and we have been given a \$1,000 matching donation. Every dollar up to \$1,000 will be matched. This will not keep us open but it will be a beginning. We

WE REALLY NEED YOUR SUPPORT AT THIS TIME OF YEAR

have multiple ways in which you can donate. We know times are difficult for everyone but we are asking you to lend your support through a donation.
